LEAVING THE LAND

China’s Great Uprooting: Moving 250 Million Into Cities

Articles in this series look at how China’s government-driven effort to push the population to towns and cities is reshaping a nation that for millenniums has been defined by its rural life.

Promoting Growth in All Regions
Contributions to aggregate growth depend on few hub regions...

...the fat tail is equally important - if not more - to aggregate growth...
II. Systems Thinking Re: Rural Advantage
Eight Forms of Rural Wealth / Health

- Physical
- Financial
- Natural
- Human
- Intellectual
- Social
- Cultural
- Political
The Framework for Regional Rural Innovation

Critical Internal Considerations

- Wealth Creation, Intergenerational Wealth Retention, and Appropriate Wealth Distribution
- Youth Engagement, Retention, and Leadership Development
- Social Inclusion and Social Equity Considerations
- Specific Attention to Social Mobility and Inequality
What is Demanded?

1. Asset-based development
2. Regional frameworks
3. Regional Innovation Policies Which Align Rural and Urban Interests
4. Support for New Intermediaries
5. Attention to Working Landscapes

7. Addressing Spatial Mismatch in Key Sectoral Alignments

8. Innovative and Linked Investment Approaches Which Enhance Jurisdictional and Cross-Sectoral Collaboration
Three Questions:

Innovating What?

Diversifying How?

Transitioning Where?
Innovating What?

How “we” consider “us”

How we “see” our region

How we “consider” our options

How we support the “connectors”
Diversifying How?

In our vision of the future

In our sense of possibility

In our actions and alignments

In our new collaborations

In our narrative and networks
Transitioning Where?
NONPROFIT MANAGEMENT

Collective Impact

Large-scale social change requires broad cross-sector coordination, yet the social sector remains focused on the isolated intervention of individual organizations.

Five Conditions for Collective Impact Success

I. Common Agenda
   - Shared vision for change

II. Mutually Reinforcing Activities
   - Differentiated, but still coordinated

III. Backbone Organization
   - Serves entire initiative, coordinating participating organizations, firms and agencies
Five Conditions for Collective Impact Success (cont’d)

IV. Continuous Communication
   ▪ Consistent, open, unmediated

V. Rigorous and Shared Measurement
   ▪ Collecting predictive indicators, regional data: then measuring ongoing results consistently
